

Development Application Instructions & Filing Procedures

These instructions are intended to provide general information and guidance for submitting Development Applications to the Borough of Bay Head Planning Board. This information is provided as a service to make the Development Application process easier but is not intended to supersede the detailed requirements outlined in the Borough's Land Use Ordinance and the NJ Municipal Land Use Law. Applicants are advised to consult with legal counsel as the applicant is responsible for the preparation of the application, providing required notice and presentation at the hearing.

If the proposal includes erecting a new structure or substantial alteration of an existing structure, applicants should consult with the Construction Official for compliance with the Borough's Flood Plain Regulation (Ordinance No. 1987-8) prior to finalizing plans since compliance may affect the structure's height and the encroachment of stairs into required setbacks.

Zoning, Subdivision, site plan and other regulations regarding land use and development in New Jersey are governed by the Municipal Land Use Law (N.J.S.A. 40:55D-1 et. Seq.) and municipal ordinances adopted in accordance with the law. In the Borough of Bay Head, these municipal regulations are contained in the Borough's Land Use Ordinance.

The process of approval to develop property including subdividing land, erecting new structures, altering existing structures, or otherwise changing the use of a property or structure usually begins with an application for a zoning permit which is required prior to the issuance of a Building Permit. Depending on the nature of the application, denial of a Zoning Permit by the Borough's Zoning Officer may be appealed to the Planning Board. Applicants are also authorized by N.J.S.A 40:55D-72b to file a Development Application without first requesting approval from the Zoning Officer.

PLANNING BOARD

The Planning Board, whose members include the Mayor, a member of the Borough Council, a municipal official, and six (6) residents of the Borough, plus two (2) Alternate Members, is primarily a policy making body which sets the course for future development within the community by formulating and adopting the Master Plan required by the Municipal Land Use Law (N.J.S.A. 40:55D-28). The Planning Board is also authorized to review and approve development proposals, which include subdivision and site Plans (N.J.S.A. 40:55D-37) and conditional uses (N.J.S.A. 40:55D-67) and may grant some types of variances in conjunction with these approvals. The Planning Board also makes recommendations to the governing body regarding zoning ordinances and amendments thereto.

The Borough of Bay Head has authorized a single board as permitted by N.J.S.A. 40:55D-25c and therefore the Planning Board also exercises the powers of a Zoning Board of Adjustment to hear and decide appeals where it is alleged there is an error in any order, requirement decision or refusal made by the Zoning Officer based on or made in the enforcement of the Zoning Ordinances (N.J.S.A. 40:55Da). The Planning Board is also authorized to interpret the Zoning Map and Zoning Regulations (N.J.S.A. 40:55D-70b), which are contained in the Borough's Land Use Ordinance and is authorized to grant variances for lots, structures and uses which do not conform to the requirements of the Zoning Regulations (N.J.S.A. 40:55D-70c & 40:55D-70d). The Planning Board may also grant subdivision, site plan, and conditional use approvals (N.J.S.A. 40:55D-72b) in conjunction with a request for a use variance. The Planning Board meets monthly in the Municipal Building, located at 81 Bridge Avenue, on the 3rd Wednesday at 7:30 PM.

DEVELOPMENT APPLICATION FORMS

In addition to these Development Application Instructions & filing procedures, the Development Application Packet includes the following forms:

The Request for *List of property Owners* is used to request the Borough Tax Assessor to prepare a certified list of the owners of property located within two hundred (200) feet of the subject property.

The *Hearing Notice* is a sample of the notice, which, when public notice is required, must be published in The Ocean Star or the Asbury Press, provided to the owners of property located within two hundred (200) feet of the subject property, provided to public utilities, and in certain instances must also be provided to the Municipal Clerk of an adjoining municipality, the Ocean County Planning Board, and the NJ Department of Transportation.

DECISIONS

The Municipal Land Use Law requires the Planning Board to make a decision on a Development Application within an allotted time period from the date the application is certified complete, unless the time period is extended with the consent of the applicant. These time limits vary depending on the nature of the application: 45 days for most Subdivision and Site Plan approvals; 95 days for Conditional Use approvals; and 120 days for variance requests. N.J.S.A. 40:55D-10h requires a copy of the Planning Board's decision be mailed to the applicant within ten (10) days of the date of the decision.
